

PROPOSAL
For
"Online Classes"

To,
The Principal

Subject: Proposal for Android application of **Online Classes**

Dear S/m,

Kindly refer our verbal discussion regarding Android application of **Online Classes**. We are feeling immense pleasure in submitting our project proposal including financial budget and line of conduction for the above-mentioned project for your kind consideration.

Sir, our project is based on considerable research and have tried to minimize misuse of online classes which majority of commonly available Apps allow. Moreover the flow and complete utility if followed can have a positive impact on fee collection.

Hoping for your great co-operation and support.

Deep Regards,
Sincerely yours

Pravin Srivastav
